WALKER WOOD ANNOUNCES

For Re-Election As Secretary of State

Walker Wood Saturday filed his official announcement to succeed himself as Secretary of State, as required under the Constitution. He pointed to his services with five administrations and familiarity with the office.

"During my administration I have devoted by entire time and attention to the secretary of state department, and stayed clear of all differences that have arisen, personal and political, that did not involve my department," he said. "Personally and officially, I have given every assistance to all movements that had for their purposes the best interest of our state."

Explaining that his age prevents him from being accepted in the armed forces or in defense work, Mr. Wood added that "I can render satisfactory service to state and nation in the official position I hold."

Mr. Wood, born at Vicksburg, reared at Oxford and later resided in Senatobia and Winona, was appointed Secretary of State in 1936 by the late Gov. Henry L. Whitfield. He is now serving his fourth full term.

"Doubtless some one will use long tenure in office against me," he said. "The acid test involved certainly warrants training an officer who knows the work, stays on the job and efficiently dispatches the duties. My predecessor served for 24 years."

"In 1939 I made the statement that my intention was not to run again for Secretary of State," Mr. Wood said. "I did not state I would not run as has been circulated." "Of course," he added, "When I made the statement I could not anticipate the statement I could not anticipate war."

Stating that the varied duties of the office are executive and clerical, Mr. Wood said "consequently there are no political issues to be presented to the voters for their approval or disapproval." "Selecting a person to fill the honored position involves whether he is worthy and well qualified," he said. "One good man tried and true is worth two untried and new." "Why change to a new man," he said, "when you have a tried and true man?"

Mr. Wood is a former newspaperman, having devoted practically his entire lifetime in this field. He is a Methodist, Mason, Woodman of the World and member of the Exchange Club.

"I have done my best, keeping in mind at all times that I am representing the people and that the office is a trust given to me to be conducted efficiently, economically and honestly, and I am appealing to each voter of the state for his or her suffrage on the record I have made as your official," Mr. Wood said.

As Secretary of State, Mr. Wood is custodian of the two capitol buildings, member of the Capitol Commission, State Board of Public Contracts, State Board of Public Contracts, and State Board of Education.

RED CROSS

The regular monthly meeting of the Executive Board of the Hancock County Chapter of the American Red Cross was held at the Courthouse when routine business was transacted.

War time requests for Red Cross aid to servicemen, ex-servicemen and their families have jumped from a national average of 500 a day before Pearl Harbor to more than 4,000.

Workers in the Production Department are always needed and in order to complete the Chapter's quota of sewing and knitting, volunteers are requested to come forth and assist in getting out the quota on scheduled time.

Blood donors may still volunteer with the Civilian Defense Office for the Blood Bank to be conducted by Dr. J. W. Davenport at the Kings Daughters Hospital on May 20th and register in order that they may be arranged according to the time at which they should report to the hospital.

CIVILIAN DEFENSE

On May 20th Dr. J. W. Davenport, Jr., of the Southern Baptist Hospital in New Orleans, will be in Bay St. Louis to conduct a blood bank and everyone who has registered as a blood donor is requested to be on hand to donate blood for use in the local hospital and for use of men in our armed forces.

Don't forget to save your tin cans and fats. Wash each can after emptying and place in a box or corner until you have an accumulation and save your fats and bring them to your grocer who will buy them from you.

EGLOFF ANNOUNCES CANDIDACY

For Sheriff And Tax Collector Hancock County— Issues Statement To Voters

The Echo is authorized this week to announce the candidacy of John A. Egloff for Sheriff and Tax Collector of Hancock County.

To The Good Voters of Hancock County: After many months of encouragement by friends and relatives, I have decided to run for Sheriff and Tax Collector of Hancock County and on obtaining sentiments of the public in general

JOHN A. EGLOFF

"finding them in favor of a change," I decided to become "The Peoples Candidate" for Sheriff and Tax Collector of Hancock County subject to the Democratic Primaries.

I was born in Bay St. Louis. Educated in the City Schools and in later years at St. Stanislaus College from which institution I was graduated in 1926. Since then I have held positions of public trust in the County and at present I am connected with the Coast Electric Power Association with headquarters in Bay St. Louis. Married and have two children.

I am a son of the late Ferdinand H. Egloff, who served the City of Bay St. Louis for many years with marked efficiency, as City Alderman and Assessor and Tax Collector.

It has been my life long ambition to serve my home County people. I am not a politician or political promoter and will not be a sub-contractor. If elected to this important office I will give it my personal attention and I will conduct the affairs of the office in an efficient way and will do my utmost to make the County a good Sheriff.

And it will be my policy in the discharge of my official duties to be courteous and pain taking and render that service which you will expect of any official. I am confident if elected sheriff you will never have cause to regret entrusting me with this important responsibility.

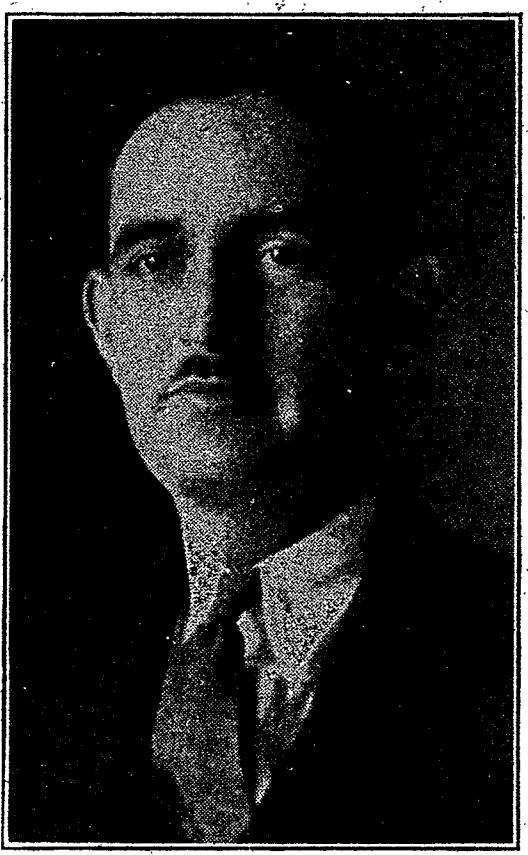

Due to a recent resolution passed by the Members of the Board of Directors of the Coast Electric Power Association I will have to resign my position thirty days before the election and I will do my very best to see every citizen and voter of the County, but if there should be anyone that I fail to see, take this means of soliciting your support. Also to those who are now in the different services of our great Country.

nouncing my candidacy for Board of Supervisors.

I am grateful for the splendid support given me in the past. I have served you for the past four years as Sheriff and Tax Collector, but due to the fact that a sheriff cannot succeed himself, I automatically go out of office. I made it my motto to serve the public without preference or prejudice.

I have been solicited by many of my friends to become a candidate for Board of Supervisors. If elected, I promise to follow the same motto as stated above. I think the experience that I have gained in the past twenty years in public affairs would be very helpful in this very important office.

I solicit your support and influence and will be very grateful for anything done in my behalf.

HORACE L. KERGOSIEN.

Crowning of Virgin Mary Celebration Held Sunday

Sunday afternoon marked the annual crowning of the Virgin Mary with approximately 100 children marching in the procession. This is always an impressive sight and is an exhibition of youth's training in the right path.

Preceding the crowning Father A. J. Gmelch addressed the children in the church and following the exercises there was the Litany of the Blessed Virgin and Benediction by Father Gmelch.

Little Domenica Benigno, daughter of Mr. and Mrs. Joe Benigno, placed the gold crown on the head of the statue of the Virgin.

BAND FESTIVAL GIVEN FRIDAY NIGHT, APRIL 30 AT BAY HIGH

Great Credit Due To Mr. Rooney and Brother Romuald

The Band Festival which was presented in the Bay High Gym last Friday night by the bands from the Saint Stanislaus and the Bay High Schools was one of the finest events of its kind ever to be staged on the Mississippi Gulf Coast.

The large number of people that attended the affair and the many repeated applause from the audience was proof that the public enjoys this type of entertainment.

We would like to take this opportunity to compliment Mr. G. F. Rooney and Brother Romuald for the outstanding work that they have done for the promotion of band work in the schools of our city. We have reasons to be proud of the fact that our little city can boast of having two outstanding school bands. We will show our appreciation for this honor by a willing and generous cooperation in the activities sponsored by our bands.

The directors of both bands ask us to express their sentiments of gratitude to all who have helped make the program a success, but especially to Mrs. Louis B. Pate, Mrs. Carl Smith and the city officials for the use of the Bay High Gym.

H. K. ROUSE FOR STATE SENATOR

Has Served His County As Representative, Supt. of Education, Sheriff And Chancery Clerk

We are authorized to announce the candidacy of Honorable H. K. Rouse of Poplarville, for State Senator, to represent Lamar, Pearl River and Hancock Counties. Mr. Rouse has served his home county of Pearl River as a County official for a long period of years, and is hoping to close his political career, serving a term as State Senator for the 40th Senatorial District.

We have expressed ourselves favoring Mr. Rouse's candidacy. It appears at this writing that he will have no opposition.

Herewith is Mr. Rouse's statement to voters of the District:

To the voters of the 40th Senatorial District of Mississippi: There is an unbroken rule of "good neighbor" policy in practice among the counties forming the Fortieth Senatorial District of Mississippi—Lamar, Pearl River, and Hancock Counties—where the election of a state senator rotates from county to county in such manner that each county in the district will have the privilege of furnishing a candidate for senator every third term according to the rule which has been established and which has never been violated. Under the rule it is Pearl River County's time to furnish the candidate for this year's election.

Having previously served eight years in the lower house of the legislature, I have long cherished the hope and ambition to be permitted to climax my public career with a term in the state senate, as the crowning political aspiration of my life; and having been solicited and encouraged to enter the race, I am formally announcing my candidacy for the office, subject to the democratic primaries in August of this year.

The people of my county have been kind and gracious to me, and I cannot, in the slightest degree, express my deep feeling of appreciation and gratitude to them for their kindness and for the trust and confidence they have placed in me. It has been my privilege and my pleasure to serve them in offices of responsibility, honor and trust, namely, County Superintendent of Education, member of the Lower House of the Legislature, Sheriff and Tax Collector, and Chancery Clerk. However, I do not desire to engage in any song of praise of my record. It is written in the record books of my county and indelibly stamped in the hearts and lives and confidences of the people whom I have served. Let them speak. I could say, and perhaps, I should say, that I have not pleased all the people; but no man or individual, however, can truthfully say that I have been untrue to the people or that I have betrayed their confidence.

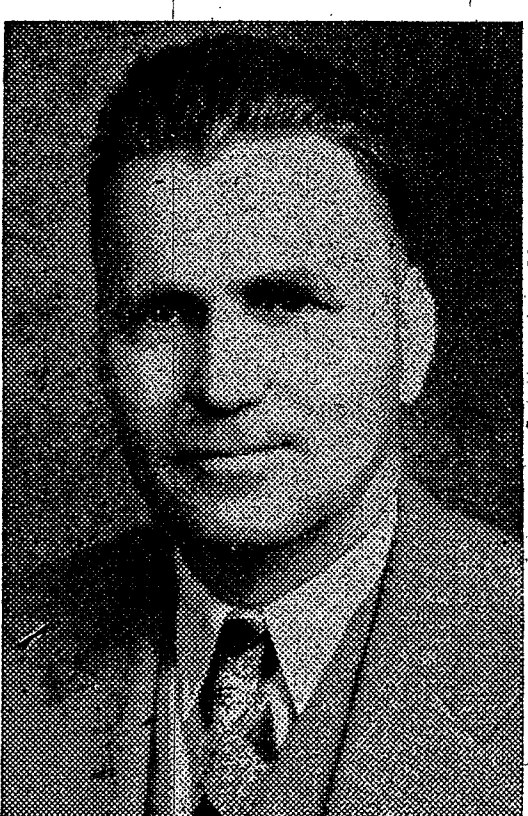

To be a member of either branch of the legislature is a distinct honor. It implies confidence, honesty, and integrity and, at least, a fair degree of native ability and business judgment. Those who know me best have repeatedly expressed themselves in my favor with respect to all of these qualifications, and upon that

ANNOUNCES FOR RE-ELECTION

Otho Rester, Representative Of Hancock County Seeks To Be Re-Elected To His Present Position

We are authorized this week to announce the candidacy of Honorable Otho Rester, Hancock County's Representative in the State Legislature, and are pleased to publish Mr. Rester's statement to the voters.

To the Voters of Hancock County: I am again offering myself as a candidate for the State legislature. I am grateful to the good people

OTHO RESTER

of Hancock County for selecting me to represent them in our State Legislature for the past few years.

I have tried to serve you well. I stayed on the job and tried to represent all of the people to the best of my ability.

I am proud of the record I made in the legislature, and it is on this record that I am asking you to send me back. I feel that I will be better able to serve you during the next four years, for the experience I have had and the friendship I have gained with the Legislators.

If you see fit to reelect me, I shall do my best to serve you well.

Faithfully yours,

OTHO RESTER.

record I submit my candidacy for membership in the state senate.

The next regular session of the Legislature will be a very important one. Not so much, perhaps, because it will be the beginning of a new state administration, with its many promises to be met and its new policies of government to be considered, but because of the unprecedented cash surplus in the state's treasury. Undoubtedly there will be a decided tendency toward extravagance and waste, a situation and a condition that will require the best thought, the soundest judgment, and the wisest leadership on the part of the Legislature.

My platform is simple and brief: I favor an increase in the appropriation for the support of the common schools of the state, with a major share of the increase going into the equalizing fund, in order that the poorer counties may profit in proportion to their needs.

I favor an increase in the appropriation for the support and maintenance of agricultural high schools and junior colleges; also an increase in the appropriation for old-age pensions.

First of all, I believe in the philosophy of old-time, old-fashioned common honesty and common sense in government; and upon this platform, with all of its meaning, I earnestly solicit your support and influence.

I cannot close this announcement, as a true American, without making reference to the fact that our nation is engaged in a great war. The world today reels and rocks and staggers like a drunk man, and there is no merit or virtue in pretending that this war is not terrible—terrible in the extreme. Like a cyclone in springtime, in its mad fury, it sweeps over the face of the wide earth and across the waters of the deep, filling the very air with the agony of despair and death, and soaking the face of God's earth with blood and tears. Hitler and a few more despots "set the stage for a great show." The theme was "Death to freedom and slavery to mankind." The United States and her allies had no part in setting the stage; they had no part in writing the manuscript of the play; but by the eternal, with God's help, we shall write the last act and raise the curtain on a stage set by ourselves and our allies, and it will be a new scene, a new stage, and the theme of the last act will be "Liberty and justice equality and freedom for all mankind." And the signature of Hitler's show will also be changed, and the sign written thereon will read: "This show has gone out of business forever."

Faithfully yours,

H. K. ROUSE.

ENTERS RACE FOR SHERIFF

Burton D. (Fipp) Johnson Announces Candidacy

Native born citizen of Hancock County and from the Lakeshore Voting Precinct announces candidacy for Sheriff and Tax Collector.

To the Voters of Hancock County: I take this method of announcing my candidacy for the very important office of Sheriff and Tax Collector of Hancock County, Miss.

In order that you might become better acquainted with my past life I wish to state that I was born and reared in Lakeshore, Miss. and have resided therein all my life. I am thirty eight years of age, married and have four children. I am at present employed on a defense job with Higgins Aircraft Industry of Michoud, Louisiana. But realizing that such work will not always continue and wishing to better my future and at the same time comply with the wish of so many of my friends to enter the race for Sheriff and Tax Collector.

As to my honesty and faithfulness to my friends, and to my integrity, I refer you to those with whom I have lived all my life.

If I am favored with your support I shall endeavor to merit your confidence and if elected to this office I will do my best in the performance of its duties. I will serve the people one and all alike to the very best of my ability, and will show no partiality, and on these grounds I sincerely solicit your vote and support.

This I believe will be sufficient for the time, but at a later date I will make known my plans for my campaign, which I guarantee will be based on high planes. I will give to my opponents a square deal, and if elected Sheriff and Tax Collector I will deal with them and their affairs which comes through this office as I would any other individual in the county.

Yours for a clean campaign and real service to the people if elected.

I am yours for Service,

BURTON D. (FIPP) JOHNSON.

Garden Club Wins Second Place in Federation Of Garden Clubs' Meeting

The Bay-Waveland Garden Club scrap book won second place at the state meeting of Federation of Garden Clubs held in Vicksburg in April. The judges said the book lacked enough publicity on garden club activities in actual garden work to give it first place as it was otherwise a work of art. The club has been very active in civic and patriotic work which has been the cause of their being less on gardens and their activities.

The scrap book was the work of Miss Lucy Richardson, scrap book chairman and is a work of art and should be exhibited where it might be seen by the public.

MOTHER'S DAY

THE second Sunday in May Mother's Day, presents to this Nation an opportunity to honor the living, and revere the memory of departed mothers.

The gratitude that should be instilled in the hearts of sons and daughters, whose lives have been blessed by devoted mothers, cannot be expressed in words.

The Mother, loving and beloved, not only inspires her children, but more particularly, by precept and examples, teaches, trains, uplifts and improves them.

The homage that men and women pay at the shrine of motherhood is but a token of memories deep in their hearts. Adult years, with parenthood and understanding, are often necessary before one fully appreciates the service and sacrifices of mothers.

ANGER MUST NOT MISLEAD US

THE revelation that American fliers who participated in the raid upon Tokyo on April 18, 1942, have been executed, confirms the bestial nature of our adversary but, in the light of what the Japanese have been doing in the Far East for years, should occasion little surprise.

Naturally there will be anger against the depraved brutality of the Japanese Government which dishonorably executes soldiers fighting for their country. This anger, however, must not effect our military decisions or turn us from the strategic policy which has been adopted and followed by the officials charged with the determination of our war policy.

The people of the United States have been very patient in their attitude toward the Japanese. For seven years before Pearl Harbor, our national policy was one of appeasement to Japan and everything was done to avoid precipitating a conflict.

Despite the sinking of the Panay and indignities inflicted upon American citizens, the United States, unprepared for war, had to submit to these humiliations.

While no man can say when the day will arrive, there will come the time when American, British and Chinese soldiers will assume control of Japan. On that day, the rulers of Japan will pay a just penalty for their misdeeds.

The execution of Japanese officials, military and civil, who have been guilty of barbarous crimes is required in order that future generations of Japanese will understand the penalties that will follow frightfulness.

INFLUENCE

INFLUENCE, even though invisible and intangible, does more to make character and events than anything else.

To understand this better let us make a mental comparison of Christ and the past and present dictators. This forms a great contrast. The influence of Christ, (his life and teachings), will survive so long as humans live, but we think of the influence of dictators in a vastly different way. Their lives are given to personal glory and greed; their souls are consumed with hatred. When they come to die they do so, mentally, physically and spiritually alone—despised by all whom they sought to put into power merely to aid their own glory.

Here in America we are free to exert and exercise our influence as we see fit so long as we adhere to the principles of our country.

We have not been deprived of good books and a free press and therefore are more apt to remain a free nation.

Good books make people think for themselves and tend to give a nation openness of mind and liberality of thought. For that reason present day Dictators want no books, no free press, and no religion. They do away with all things that might serve as a good influence and save only those that go hand in hand with their evil designs. If we had no books save the Bible, think to what vast extent it alone would serve toward influencing us to a better way of life and thought.

Many of our statesmen have made great influences on our lives. We are still free to read stories of their deeds and thoughts. Books about Abraham Lincoln continue to roll off the press; and when we read of his gentleness, his courage, and his humanity, we know that his influence will live among all people forever.

Let us not forget that OUR influence is the greatest gift that we can give—while we live, and leave—after we are gone. May we all exert the best there is in us.—Student Prints, May 4, 1943.

The quickest way to lose our wars is to put civilian desire above military needs.

The key to our war with Japan is to be found in the fact that the island empire has its strength in the sea and must be beaten on the sea.

Let's not put too much faith in plans to keep the peace, when this war is over; what the job requires is power and readiness to use it.

The Nazi may surprise us but we have our doubts about their ability to take a thousand tons of bombs a night without cracking up industrially.

Now that the April bond drive is over we must remember that the war goes on during May and the government needs more money to keep the fighters going.

SHOES ARE RATIONED!

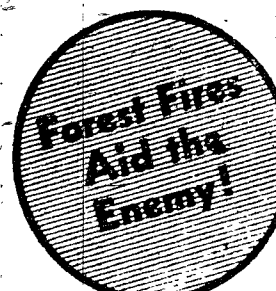

Remember...

Be sure your match is out

Crush out your cigarette

Never burn brush on a windy day

...and we must
MAKE OUR FORESTS LAST, TOO!

Wood is necessary for war weapons. In war and in peace we must have forest products. We cannot afford to waste our timber. A burning match, a glowing cigarette, a smoldering campfire can be as disastrous to our forests as an incendiary bomb.

Our country is in greater danger today than ever before. So are our forests. Keeping fire out of the woods is vital to Victory.

with the tribulations of a noted play producer whose show is intended to glorify the state of Texas. Miss Langford appears as the singing star of the opus and complications begin when a young Texas tunesmith, portrayed by Paige, insists upon having two of his compositions introduced in the project.

A publicity stunt backfires and the star is believed to have been kidnapped before romance saves the day and starts the enterprise off to a spectacular opening.

Miss Langford sings "Private Cowboy Jones," "A Cowboy Is Happy," "Mr. Moon," and "Whistle Your Blues To a Bluebird." Paige presents "Need I Say More?" and his own version of "Private Cowboy Jones."

Warren Wilson wrote the screen play for "Cowboy In Manhattan." Woody Bredell was the cameraman and the picture was directed by Frank Woodruff under the associate producership of Paul Malvern.

When the Long Distance Telephone Operator

SAYS: "I'm sorry, due to heavy business, there will be a one- or two-hour delay on your call".

It Means: All long distance telephone lines to the place you are calling are overcrowded with urgent war business.

Under such conditions, if your call isn't extremely urgent, it will help a lot if you will tell the operator to cancel your call, so as to avoid still further crowding of the lines.

If your call is important, but you can wait until some other time to talk, then tell the operator to cancel the call, and try again when you find the lines are less crowded.

The deeper we get into this war, the greater the demand for more and more long distance telephone service for war agencies. Their calls must go over the same lines that civilians use.

So in order to give all aid possible to those who are responsible for the successful carrying on of this war, we are asking civilians to make only the most necessary long distance telephone calls, and to be brief on all calls.

May we count on your cooperation?

REAL ESTATE SALES

Activity in real estate transactions continues with the sale of large properties in Bay St. Louis and Waveland.

Mrs. Belle Penrose reports the sale of the property of Mrs. Alice Buckley to Mr. and Mrs. Joseph Dulaney of New Orleans who will use their newly acquired beach property as a summer home.

The Robert E. Hyams property on the Waveland Beach also has been sold to a New Orleans investor, Mr. W. H. Hodges.

The large corner lot on North Beach and Carroll avenue adjoining

the property of Dr. and Mrs. Marion J. Wolfe was sold by Chapin to Dr. Wolfe and will add immensely to the present attractive grounds about the Wolfe home.

Evidencing how bright the real estate market in Bay St. Louis has been recently is a triple sale made by Hy T. Fayard, local realtor. Mr. Fayard had a client listed who wished to purchase a small residence and on January 11, 1943, a cottage on State street was sold by Mr. Fayard to Christian Hart of Kiln, Mississippi, who took possession of and occupied this property. On April 23, 1943, the same property was sold to Mr. E. S. Drake at a profit, who in turn sold to Francis Pechen.

Each time this piece of property was sold at a profit and the short time covering the three sales is a record for Bay St. Louis and Mr. Fayard.

Aid to Enemy

"Any American who willfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy." We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, "Shall we be more tender with our dollars than with the lives of our sons?" — Secretary Morgenthau

Mississippi Black Gold

For a long time it was believed that Mississippi was a hopelessly dry state—that is Oil-Dry. It was 40 years ago, 1903, when the first well in quest of oil was drilled in the state. It was 36 years later, after many tests had been drilled, and the geology of the state checked pro and con, that a real oil well came into the life of the State, located in Yazoo County an known as the Tinsley Oil Field, which "field" was rated last year as the third largest in the United States. Today, less than four years from the time the first well was brought into production in September, 1939, the state has 351 producing wells and during this period of less than four years approximately 54 million barrels of oil have been taken from the good earth in Mississippi. This crude oil has had a market value of substantially one dollar per barrel or a total of \$54,000,000 and this resource of the state is bringing in around \$1,800 a day in revenue to the state treasury, and the taxing is considered very low.

Now this is oil. But nine years before oil was discovered in commercial quantities natural gas "blew in" and in a small area right around the City of Jackson 116 producing gas wells were brought in and at the peak of production yielded one and a half billion cubic feet per month. The first gas well was brought into production in February, 1939, and in these 13 years approximately 114 billion cubic feet of gas has been taken from these wells, and at the present time only 23 of the wells are active. In the state at this time at least 16 wells are being drilled in 12 counties and almost eight million acres of land in the state are now under lease, mostly to what is known as the Major Oil Companies, and diligent search will be made for the rest of the hidden oil and gas in that section of the earth known as "Mississippi." All drilling in the state is under the supervision of the oil and gas supervisor, a position created by the Legislature in 1932 and first held by the late Dr. Go. Swearingen and after his death by Henry Toler, until the present incumbent, H. M. Morse, was appointed. Mr. Morse is a busy man and doing a good job for the state.

The world's production of crude oil in 1941 was established at 2,149,400,000 barrels. Of this volume the United States produced 1,700,000,000 barrels, which was more than half of the world's production. And for the Tinsley Field to have the rating of being the third largest field in the United States in 1942 was a good showing. It is also worthy of note that at its peak the Jackson gas field was the largest natural gas field east of the Mississippi River in the United States.

Sen. Eastland at Home

Sen. James O. Eastland is spending a few days in the state on account of the illness of his mother, whom he placed in the Baptist hospital in Jackson. He plans to return to Washington next week if the condition of his mother is favorable.

Change in Soldiers' Mail

The Postoffice at Jackson has announced a change in the rules concerning soldiers mail, to the extent that packages up to 8 ounces may be mailed to soldiers without the request, heretofore required.

State's Next Holiday

Mississippi's next legal holiday will be Thursday June 3rd, in honor of the birthday anniversary of Jefferson Davis, President of the Confederacy. That day is observed throughout the South.

Gasoline Tax Collections

The gasoline tax received by the state has not dropped off nearly so much as was expected. Collections in April of this year amount to \$942,970.37 as compared to \$1,060,604.26 in 1942. As long as collections stay up around the figures of April the state will be able to meet all of the obligations standing against that particular tax and be in the clear.

Raking Around—

Those who are interested may soon know what the Supreme Court thinks about the law on "Sunday-movies". . . The L. O. Crosby tung oil mill, A. B. Kynes seavill and a part of the Goodyear mill, all at Picayune, were destroyed by fire last week. . . Rubber Director Jeffers says when he goes around big mills for information he interviews the men in overalls for the best slant on the situation. . . It has been announced from Washington that during the month of May 50,000 new automobiles will be available. . . Col. Jim Walton of Eupora, probably the only man now living who saw Abraham Lincoln inaugurated in 1861 has partially recovered from recent illness and is on the "road" again. Business conditions in Mississippi are still on the upswing according to a survey published by Mississippi State last week. The report indicated that business in general, was 27 per cent better in March, 1943 than in March, 1942. . . A thirteen billion dollar war loan substantially

oversold in two weeks is a fine tribute to the loyalty of the American people. . . The Dark Ages haven't got a thing on Japan. Not only did the War Dogs of Japan murder the American boys who were captured but they went to China and in the towns where some of the Americans landed they killed every man, woman and child even to the helpless babes in their mothers arms. . . Lewis E. Laws, former warden of the federal Prison in Atlanta, spent a day last week visiting relatives in Jackson and conferring with Gov. Johnson and others on prison matters. . . Mrs. Ellen Woodward, native Mississippian, now serving on the Social Security Board in Washington, addressed a meeting of social welfare workers at the Edwards Hotel on Thursday night. . . Income tax in Mississippi, state and federal, for the year 1942 will probably exceed 20 million dollars.

From where I sit...

by Joe Marsh

Yesterday our town agreed to drop everything and collect scrap for Uncle Sam. And you ought to see the result! One hundred and fifty tons of metal—almost 200 lbs. for every man, woman, and child in our town. Judge Cunningham and I were talking about it this evening, having a sociable beer together. We agreed that this scrap collection was a good illustration of how Democracy works. Self-determined folks working hand in hand to get a job done for their own people.

Because from where I sit, that's what we're fighting for—the right to work together because we want to, not because somebody tells us to. And the Judge agreed. He pointed out that one of the things that helps folks get together is just what we were doing now. It's great, after a day's work, to be able to have a chat and a glass of beer if you want to.

"HAPPY GO LUCKY" GAY AND RELAXING COMEDY WITH MUSIC

To Be Shown At A. & G.
Theater Sunday and
Monday

A treat to eye and ear will be on the screen of the A. & G. Theater Sunday and Monday in Paramount's "Happy Go Lucky," the Technicolor musical.

The picture sparkles with delightful performances by Mary Martin, Dick Powell, Betty Hutton, Eddie Bracken and Rudy Vallee all of whom lend their many talents to making "Happy Go Lucky" the cheery, tuneful entertainment gem it is.

The story is set in one of the garden spots of the world—a romantic resort island in the Caribbean—and has to do with Miss Martin's determination to land a rich husband. Dick Powell and Eddie Bracken, beach boys with an eye on a juicy commission, pitch in to help her work on millionaire Rudy Vallee. Betty Hutton, Mary's friend, does likewise. The four hold a council of war and decide how best to snag the indifferent shy Vallee. Their ideas, which are no sooner thought of than put into action, prove to be hilarious but unproductive of the desired result. By the time Vallee is safely on the hook, Mary and Powell are that way about each other, causing further complications.

Five hit songs, plus a couple of extras, enliven proceedings which are lively enough to stand on their own feet even without the aid of music. The songs are: "Happy Go

Students to be featured in the prominent supporting roles will be June Swan, Sue Swan, Edith Wheat, Gloria Benigno, Jane Wolfe, Rose Mary Holderith, Gloria Mae Tyler, Thelma Piazza, Eliot Casanova, Betty Ryden, Pat Murphy, Audrey Lee Biehl, Jack Wolfe, Gerald Price, Robert Russell, Russell Necaise and a group of extras.

Important Announcement!

GOVERNMENT LIFTS RESTRICTIONS ON RE-ROOFING AND RE-SIDING WITH ASBESTOS SHINGLES

Special Ruling Is Made to Meet Critical War Program

MANY home owners have been postponing re-roofing and repairs to their homes because of their fear that only temporary materials would be available. Many others have obtained the impression that to have such work done would be contrary to the interest of winning the war.

If your home needs re-roofing, if the sidewalks need painting or repair, a special W. P. B. ruling just issued removes the restrictions on the use of asbestos shingles for this purpose. There is no longer any reason for you to postpone having this work done.

Pre-War Quality — Pre-War Prices

Johns-Manville Asbestos Shingles are manufactured to the same fireproof, durable quality standards as before the war. They are available at pre-war prices, too.

If your home needs painting or repair, we recommend J-M Asbestos Siding Shingles. They need no preservative treatment—are fireproof—permanent as stone—and will completely transform the appearance of your home. If you need a new roof, we recommend J-M Asbestos Roofing Shingles. They have the same desirable maintenance-free qualities.

Protect your home for today and for the future. We will be glad to show you samples of the new styles and new textures of these colorful shingles.

Long asbestos spinning fibre is an essential material in many war products. In mining asbestos, for every ton of long asbestos fibre, many tons of shorter fibre must be produced. This shorter fibre must be utilized, and its principal use is in the manufacture of asbestos shingles. Restrictions were therefore lifted to increase the use of asbestos shingles and thereby insure an adequate supply of long asbestos fibre vitally needed for war.
